War's End In Europe

By Emil Ludwig

Article VIII.

ATTITUDE OF GERMAN INTELLECTUALS

This is the eighth in a series of articles by Emil Ludwig, the famous historian and biographer, now in Europe, to write his impressions of places, persons and events.

PARIS, June 26.—During one of my interviews with Germans, I pointed out that General Eisenhower, in his first proclamation to the German people, said: "We come as conquerors." To my great astonishment, I was told that these words were not in the German text.

I investigated and found that, in the official German text, put on thousands of walls and read by millions of people, these decisive words had been changed. Instead, the German text says: "We come as a victorious army." As different as champagne and lemonade! The moral effect of 70,000 German words is entirely altered by this hiding of the first words of the conqueror. There were also two minor changes made by the translators to weaken the language of the victor.

LUDWIG

That happened not by chance but by intention. We know that the mass-appeal professors who were responsible for the tone and style of the first public words of a victor impress a nation none too much.

Ban Free Export Of Meat, Poultry

OTTAWA, June 26.—(UPI)—Prime Minister Mackenzie King announced today that effective at midnight, meat and poultry will be placed under export permit at all custom ports across Canada.

A statement said the action was taken in compliance with the United States to insure the filling of the American market with the 200,000 pounds of surplus meat and poultry that the United States is to provide for the armed forces. It added that Washington was placing an export permit on all surplus meat, dressed and processed chicken.

"The action is similar to that taken last month when Canadian meat was placed under export permit at Windsor, Ont., to help the increasing number of American consumer purchases being made by Detroit.

Regarding the export control of meat, Mr. King said that Canada was committed to the United States to the United Kingdom and other countries for emergency relief.

Details of Service Voting Are Revealed By Electoral Chief

OTTAWA, June 26.—(UPI)—Chief electoral officer, Jules Casagrande, today revealed how the details of the service voting system will be worked out in the federal election. In a statement Casagrande said that the 1945 vote for the Liberals, 20,672 for the CCF, and 81,840 for the Progressive Conservative Party, approximately 27,000 voted for the other parties.

Breakdown by provinces shows that the Liberals had the majority of service votes in Ontario, Quebec, Nova Scotia and New Brunswick; the CCF in Manitoba, British Columbia and Saskatchewan; the Progressive Conservatives in Prince Edward Island and Yukon; the Social Credit party in Alberta.

May Ask Recount Brantford Riding In Ontario Vote

BRANTFORD, Ont., June 26.—(UPI)—Norman Maclean, returning officer from Brantford in the Ontario provincial election June 4 said last night that on the basis of the civilian poll vote services voting on Saturday Day, 1945, he would have a majority of 25 votes over Col. Donald Williamson, Liberal. Previously he reported the majority was only two votes.

The estimated total vote was 6,581 votes and Williamson 6,559. The services vote alone was 350 for the Liberals and 473 for Williamson. The civilian vote alone was too great to be overthrown.

An official count of the combined ballots will take place Tuesday and after it is completed the returning officer may decide to ask for a recount.

From C.P. and New Dispatches

A.A.F. HEADQUARTERS, GUAM, June 26.—

Japan is beginning to feel the around-the-clock bombing which wrecked the Reich in the last hours of the war in Europe. Following an attack at noon today by a force of 300 Superfortresses, carrying a 3,000-ton bomb load, which blasted ten Japanese arms and aircraft works into blazing rubble heaps, a medium force of Superfortresses were over the main island of Honshu again later in the day. This attack is still continuing.

The first attack today was one of the biggest daylight raids yet staged in the Pacific area. Medium and artillery planes, anti-aircraft factories and arsenals, all force installations and factories making aircraft engines and parts were all included in the targets for the Medium Bomber Superfortresses.

JOYOUS REUNIONS AT EDMONTON STATION—

Above are scenes at the C.P.R. depot in Edmonton on the return from overseas Monday night of another large group of Canadian Army Service personnel from this city and the surrounding district. In the picture are the returning officers and their families. In the foreground, from left to right, are: Alex M. Watson, former member of The Edmonton Bulletin composing room staff, who served with the South Alberta Regiment, Capt. S. H. "Sammy" Campbell, well known City of Edmonton employee who has been overseas since 1940 with the First Army Tank Brigade, and in front is Samuel Campbell, Jr., son of the returned officer. In the background, from left to right, are: Mrs. Campbell, the officer's wife, in the center. In the picture at the lower left the soldier is Pte. R. Nevill from St. Paul of the First Canadian Parachute Bn. He is being greeted by his cousin, Mrs. W. Sheels, 10203 105 street. Nevill jumped on "D" Day and at the Rhine. At the lower right is another young member of the famed parachute Battalion, Pte. J. A. Sweetman of North Edmonton with his mother.

Admit Sale 1,500 Bottles Monthly

VANCOUVER, June 26.—(UPI)—Oliver McQueen, 32, and Albert E. Young, 33, admitted in supreme court here yesterday that they have been bootlegging liquor for more than two years with a turnover of 1,500 bottles or \$21,000 a month.

Testifying in their own defence on a charge of conspiracy to possess narcotics, they said they bought as many as 125 cases of bootleg whisky a month at \$10 a bottle and sold it for \$12 and \$14.

The men were charged with conspiracy to possess narcotics, admitted buying an ounce of morphine in Toronto last January and shipping it in a pair of slippers to "A. Young." He said McQueen and Young knew nothing about the narcotic.

It is expected the case will go to the jury today.

"There are very many of them. Their name is legion. They are men of great state apparatus but without much of any—moral and army command—are, to put it crudely, not worth ainker's dam, because if one of the cops goes out of commission the whole thing is done."

Stalin Toasts 'Little People' For Victory

LONDON, June 26.—(UPI)—The Moscow radio said today that Premier Marshal Stalin had proposed the following toast to "The little people" of Russia at a victory banquet in the Russian capital.

"I should like to drink to the health of people of whom few hold rank and few of them are not env

Prime Minister Returning Soon From U.S. Visit

Continued from Page One

national radio network shortly after.

He is scheduled to present South African war medals to some Canadian war veterans who served with the South African forces and will attend a reception arranged by the acting accredited representative of South Africa in Canada, Robert Jones. Friday night he will be private dinner guest at Government House, leaving Ottawa Saturday morning.

Prime Minister T. V. Soong of China, who was expected to visit Ottawa shortly, has not yet been received on his plans and no program has been arranged.

SECOND VISITOR

Another post-conference visitor will be Viscount Cranborne, Dominion secretary in the British cabinet. This visit will be as informal as it can be made and apart from a speech he may make at Toronto, the Dominion secretary will make a few calls on Canadian officials.

Next week the capital will receive a royal visitor in the regent of Iraq, who also has been at San Francisco. Details have not yet been received on his plans and no program has been arranged.

Freight Rates May Be Subject At Conference

Continued from Page One

more equitable treatment of Alberta has been thrice endorsed by the Legislative Assembly.

Mr. Fallow has also constantly sought to have the entire structure overhauled.

The delegation led the premier's office with the firm assurance the rate would be put into effect through every possible channel.

IN CHAIR

Harold Fawcett was chairman of the Council meeting at the Jack Stader of the Calgary Board of Trade presenting the case for the southerners.

Trade board representatives discussed the best course of action to be taken at Ottawa in co-operation with provincial government authorities. The conference felt it time for a re-assessment of the whole subject by Parliament.

Large companies are not greatly concerned about freight rates in Alberta because what they lose here they make up in other provinces, it was pointed out.

HARDEST HIT

Small business and the consuming public is hardest hit.

If 90,000 new jobs are to be created in the post-war years the question of transportation costs is vitally important. Letbridge is particularly concerned with livestock shipments.

A complete overhauling of the freight rate structure is urged by the Edmonton Chamber of Commerce and Calgary Board of Trade.

It was shown that a shipment from Welland to Waterways via Vancouver was made 17 cents cheaper than the same shipment from Welland to Edmonton.

Jewish Children Enter Switzerland

BERNE, Switzerland, June 26.—(AP)—A special train of 347 Jewish children, mostly orphans from Buchenwald concentration camp, arrived at Rheinfelden, near Basel yesterday, the first of 2,000 such children who will be brought to Switzerland because they chose not to return to their homes in Eastern Europe.

Moscow-Berlin

Rail Line Clear

LONDON, June 26.—(CP)—The first post-war train for Berlin left Moscow yesterday, the Moscow railway reported. Passengers included Red Army officers returning after participating in Moscow's victory parade Sunday.

MUSIE Q. SMITH—"Oh, oh! Here comes the pursuit squadron!"

FROM D-DAY TO Y-DAY—AND STILL GOING STRONG.—Pictured above is "Bomb" famed tank of the Canadian Armored Corps, the only one of the hundreds of Canadian-built tanks which landed on D-Day to still be in action on the day war ended in Europe. Grouped on and around the tank are some of the officers and men who shared in its fabulous exploits, as it crawled stubbornly across northern Europe from the Normandy beaches deep into Germany. Standing: left to right, Lieut. W. M. White, Gare, N.S., Capt. P. W. Ayres, Victoria, B.C., Capt. J. W. Neill, M.C., Oshawa, Ont., who won his award while serving in "Bomb"; and Lieut. E. G. Mingo, New Glasgow, N.S. On tank: left to right, Tpr. A. W. Rudolph, Carleton Place, Ont., Tpr. R. Maxwell, Montreal, Tpr. K. R. Gerow, Burna Lake, B.C., and Tpr. J. W. Hall, Creston, B.C.

the clergyman in the parts of Germany not yet conquered. They might even be killed for my words."

Thus, he himself avoided any real responsibility. He even added, "I don't know anything about Buchenwald but in the concentration camp of Dachau, the story of brutalities was exaggerated. In the last two years, the prisoners were better fed and less beaten as a result of our intervention."

I asked him, "Do you think it was right when the late Pope Pius XI had his concordate with Hitler in 1934, thus giving him great moral aid?"

CHURCH FOUGHT

He answered, "The Pope's decisions were not for me to criticize. The Church fought against the attacks on the faith. The encyclical of 1937, which we all read from our pulpits, brought us in danger. Even the printers were persecuted."

"Sometimes," I answered, "in the history of the Church, some courageous priest has risen and dared to tell the truth in spite of all personal danger."

The Archbishop took this attack with admirable dignity but he confessed that he would not speak out. Copyright, 1946, by the United Nations.

Tomorrow's Victim: Ruins of Germany.

Evatt Is Criticized For Joining Hands With Latin America

SAN FRANCISCO, June 26.—(AP)—A spokesman for Herbert Vere Evatt, Australian foreign minister, taking note of a statement in Sydney by Joseph Abbott that Mr. Evatt had aligned Australia with the "major republics" at the United Nations conference yesterday that Mr. Abbott had aimed a "calculated insult at a number of distinguished Latin-American diplomats."

"It is obvious that Abbott does not know that the term 'major' is usually applied to a dishonest negro," the spokesman said, "that gentlemen from Mexico, Brazil, Peru, Chile and other Latin American countries, with whom Evatt aligned himself were certainly neither dishonest nor negroes."

Mr. Evatt's spokesman said that Mr. Abbott was a member of a minority Australian political party.

All Censorship Regulations Down Mediterranean Area

ROME, June 26.—(AP)—Political news censorship by Allied headquarters in the Mediterranean area yesterday was ended yesterday with announcement that news dispatches no longer would be stopped on the basis that they might cause friction among the Allies or friendly nations.

Declaring that "we are convinced that good, true, factual reporting will do us no harm," Mr. Brig-Gen. Arthur J. McChrystal, chief of the information, news and censorship section, said that "from here on, censorship in this theatre will apply only to matters that affect the Japanese war and not anything else."

The only exception to this rule, he said, would be "in the event a serious situation develops in this theatre which would bring Allied troops into an operational role or possible operational role."

Eire President Assumes Office

DUBLIN, June 26.—(CP)—Sean B. Keelly was inaugurated yesterday as president of Eire in the republic's most elaborate ceremonies in many years. He succeeds Dr. Douglas Hyde for a seven-year term.

The 61-year-old veteran of the Irish fight for independence mounted the dais in St. Patrick's hall of Dublin castle in a feast of triumph.

RCAF Medicos Have Conquered Tropic Disease

WITH THE RCAF IN INDIA.

June 26.—(CP)—Rapid wartime advances in tropical medicine are reflected in the impressive health record of RCAF squadrons operating from bases in India and Burma, an air force press release said last night.

So completely have some of the traditional scourges been routed that the transport squadron led by Wing Cmdr. T. J. Barnett of Montreal, N.B., not a single case of malaria has been contracted since the Canadians reached India last September.

"Our sickness rate compares favorably with what you would get anywhere in Canada," said Pte. L. J. E. Barnett of Montreal, medical officer of the Chinthe squadron. "Since we have one or two men a day, most of them with rashes and skin irritations. Dysentery, which we have one or two cases a month, is the only one of the tropical diseases which gives trouble at all."

TWING NAVIGATORS

Until this war, dysentery and malaria were the twin ravages of European forces in tropical countries. As recently as 1924-45, many units in Eastern India and Burma could anticipate losses to 100 per cent of their strength from these diseases. The virtual elimination of malaria, according to Flight-Lieut. Barnett, has been accomplished by atabrine—known to the British as "Malarone."

"Atabrine is really the wonder drug," he said. "It was known before but few medical men believed in it, and it had no chance to prove itself until the Japs cut off our other sources of quinine. Then the Americans began mass-producing it and used it on 200,000 men in the Pacific. Today it is regarded as certain that a man can be kept malaria-free by getting malaria."

For a while, atabrine has certain special advantages over quinine aside from its preventive value. Quinine reduces the ability to fly at high altitudes, while atabrine does not. And atabrine, unlike quinine, induces no dizziness or nausea.

Churchill Heekled At Election Meet

COVENTRY, England, June 26.—(CP)—Prime Minister Churchill was cheered, booed, heckled and growled by his opponents as he came to the town-marked city yesterday in the opening of a four-day election campaign in the provinces.

One group sang "The Red Flag," waved a Communist banner and a man raised a clenched fist. "He's reaching out for anything he can get," the Prime Minister commented of the man with the raised fist.

The response was simultaneous and unanimous.

In closing Lord Halifax paid special tribute to Andre Gromyko, Russian ambassador to the United States and acting chairman of the Soviet delegation. He added that the contribution by all delegations to the conference was due to a willingness of "all to co-operate with one another."

Lord Halifax then adjourned the plenary session at 10:30 p.m. and announced that the closing session would begin Tuesday at 2:30 p.m. Prime Minister will speak about 5 p.m.

Linen is made from flax.

J. H. THOROGOOD

COSMOPOLITANS ELECT OFFICERS—J. H. Thorogood

and A. S. Woodland, who on Tuesday were elected president and vice-president respectively of the Cosmopolitan Club for the ensuing year. Lloyd Keynolds was named second vice-president. Other members of the club elected to the board of managers included Roy Blakey, T. Fladger, S. Haigh and C. L. Rodgers. Installation of officers will take place during September.

Pacific Troops Are Moved Into Training Camp

OTTAWA, June 26.—(CP)—The Canadian 2nd Echelon Formation of Canada's Division, which is being equipped and trained for the Pacific theatre, was moved to its new headquarters at Brookville, Ont., yesterday, defence headquarters announced last night.

The formation will go into training with other troops under the Pacific commander, Maj.-Gen. Bert M. Hoffmeister, who will go to the Pacific with them and will be primarily responsible for recording the arrival in the theatre of every officer and soldier of the Pacific force.

It will be through 2nd Echelon that the reinforcement stream for the Pacific will be channelled.

"Missing deadlines ... BECAUSE I FORGOT ONE SIMPLE FACT!"

"A COMMERCIAL artist must deliver his work on time. I was feeling depressed and tired so my work was getting farther and farther behind schedule. Something was getting me down, but I couldn't bring myself to take harsh criticisms."

"Then I read about Kellogg's Bran Flakes and took the 30-day test. What a difference! That delicious bowlful every morning gives me energy to work better and faster ... and does some extra sketching when time permits!"

Make this 30-DAY TEST

1. If you're really ill or just feel dull and head-ache, you may only be suffering from incomplete elimination. Here's how one simple change of diet can help you keep fit:

LOOK FOR the name "Kellogg's" on the golden-yellow package at your grocery store. Two in a box, made in London, Canada.

2. Start now to eat Kellogg's Bran Flakes every morning. Takeup fit the natural way, get more "bulk" in your system needs by eating delicious, gently-laxing Bran Flakes With Other Flakes Of Wheat.

3. Just thirty days should protect you how grand a new you feel alert, as have the energy for all the extra things you'd like to do. You'll want to go on keeping the Kellogg way!

KEEP FIT with Kellogg's every day in the year!

THE ADVENTURES OF PEERLESS PETE.....by BA

In this series, our artist gives his version of how the finest crude oil—symbolized by Pete—is selected and shipped to B-A's Clarkson plant where it is refined into PEERLESS MOTOR OIL.

Next Time "High Vacuum."

REFINED AND SEALED BY B-A

PEERLESS MOTOR OIL

"It's Alloyed!"

Just as the finest steel runs are exposed to atmosphere unless it is alloyed with chromium and nickel to make stainless steel, so the finest lubricating oil must be alloyed with heat and pressure treating elements which cause elongated piston rings to seal better. Hence "It's Alloyed," Peerless Motor Oil is protected against this tendency. For longer motor life, lower repair costs, choose now to Peerless, the premium quality oil at a popular price.

SERVICE B-A PRODUCTS

For lower repair costs, longer car life, switch now to PEERLESS MOTOR OIL "It's Alloyed!"

The resulting "Topped Crude," must now go through the famous 5-step refining process to make B-A Peerless.

Sask. Lt.-Governor Sworn Into Office

REGINA, June 26.—(CP)—R. J. M. Parker, who began his career as an immigrant Swedish farm hand and subsequently became a successful grain farmer, municipal councillor, reeve and cabinet minister, yesterday was sworn in as Lieutenant-Governor of Saskatchewan at a ceremony in the executive council chamber of the legislative building which was conducted in Swedish.

Gen. Bernard Montgomery never drives, smokes, or swears, and gives one-third of his income to the church.

Secret Allied Force Assigned Paratroopers To Save War Prisoners

LONDON, June 26.—(AP)—Activities of a secret force of paratroopers—518 men and 12 women of five nationalities—assigned the hazardous mission of establishing contact with Allied prisoners of war and saving them from slaughter in the confusion of the war's end, was disclosed yesterday.

To Give Permits For Home Building In Vancouver City

OTTAWA, June 26.—(CP)—An official of the Veterans Affairs department said last night that the Vancouver building controller has been advised to issue permits for construction of a backlog of properties in the coast city providing they are within specifications laid down by the government.

Officials said it had been decided to allow issuance of the permits in material of the availability of builders' supplies in an effort to ease Vancouver's housing shortage.

May Fatten Cattle On Eastern Farms

ALBANY, N.Y., June 26.—(CP)—Western cattle from drought areas in Alberta or Saskatchewan may be brought east for feeding and fattening, W. W. Baird of the Dominion experimental farm here said Sunday. Such a move will depend entirely upon the price of such cattle, he added.

Brig. J. S. Nichol of the British Army, who reviewed his unit at a farewell parade Monday before disembarking, said they made only one parachute operation, but it was successful.

This was early in May when they helped liberate unharmed prisoners in a camp at Altengraben, 33 miles west of Berlin, where there were known to be 20,000 Allied prisoners and thousands of slave laborers.

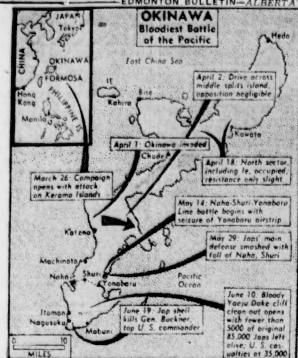

The unit was organized into parachute teams, armed and equipped with radio. There were three persons in each team.

Brig. Nichol said that at Altengraben six teams were dropped, armed with carbines and pistols.

Two of the teams were taken prisoner, but they persuaded the German commander to allow them to use their wireless sets and they got in touch with Allied forces advancing rapidly in that area.

By this action army commanders made arrangements by which the whole camp was surrendered without trouble before Allied armies reached it.

Madame Curie is the only woman who has twice been awarded the Nobel prize for achievement in science—first in physics (1903), and second in 1911 for outstanding achievement in chemistry.

BUCKNER'S CAMPAIGN TRACED—Shortly after predicting that the battle of Okinawa would be over in four days, Lt.-Gen. Simon Bolivar Buckner, Jr., commander of the U.S. 10th Army, was killed by Jap shell. Map traces his campaign from initial Kerama Island invasion to the mopping up stages in the Yaguchi-Dake Plateau area. Operation cost 10,000 American and 80,000 Jap lives and heads the list of bloody Pacific campaigns.

Nazi Prisoners Are Recaptured—Following their capture Sunday by members of the Veterans Guard, the trio, Heinz Hoesler, 24; Otto Wegner, 26; and Kurt Weidmann, 24, sold their captors they had been in the open since their escape and near Kapuskasing, Ont., last week were back in custody yesterday after black flies.

Jobs for Vets Must Precede All Immigration

LONDON, June 26.—(CP)—Alex Walker, president of the Canadian Legion, told the British Empire Service League yesterday Canada would welcome British immigrants but first must look after her own unemployed. He said there is a "period of uncertainty" in the immediate future.

Walker, the league's guest of honor at a dinner, said "most Canadians realize that it would be a good thing for Canada to have a considerably greater population than her present 12,000,000 people. But they also are very conscious of the fact that at the present moment no one can tell what the immediate future holds in the way of the Dominion in the way of markets for her products."

FULL EMPLOYMENT FIRST—"Therefore while this uncertainty exists there is a decided inclination to insist on employment first being for our more than 750,000 men and women on active service and our nearly 1,000,000 workers in war industries before allowing immigration plans to be let down," he added.

"I can assure you that when it becomes practicable for Canada to open her doors for regular immigration we of the Legion will be glad to see settled in our country the first and best, and especially, of course, ex-servicemen and women of the right type."

Satisfactory rehabilitation of all who have served, adequate pensions for wounded and sick and prevention of future wars, said Mr. Walker, should be the major objectives of the British Empire Service League, the largest Imperial service organization.

Delegates, headed by Field Marshal Lord Milne, grand president of the league, heard Mr. Walker give a detailed review of the work of the Canadian Legion at home and overseas.

Truckers Vote To End Strike Chicago Area

CHICAGO, June 26.—(AP)—Chicago's labor picture brightened last night as a union-backed work order appeared to have broken the 10-day truck strike, but elsewhere in the United States more than 70,000 workers remained idle. End of the Chicago strike, in progress since June 16, was seen by officials of the Independent Chicago Truck Drivers' Union directed 6,000 members to resume work Tuesday.

Officers of the International Brotherhood of Teamsters (IBT) reported Monday that 98 per cent of their 8,000 members had returned to their trucks. The strike, in protest against a War Labor Board wage award below the union's demands, resulted in seizure of 1,700 trucks and use of soldiers as drivers and escorts.

Think Inflation Danger Is Over

HALIFAX, June 26.—(CP)—A recent survey showed that 50 per cent of Canadian consumers think the danger of inflation ended V-E Day. Miss Bernice Hays-Sanders of Ottawa, director of the prices board meeting of Halifax Service Club of the 75 per cent of consumers who know what a black market is, less than 50 per cent think matters seriously, Miss Sanders added.

Present Recital

WHITECOURT—The Ladies Aid recently sponsored a musical at "Parkholm," the residence of Mr. and Mrs. Leo Park. The musician was Gordon McKenzie, student pianist here for the summer months. Mr. McKenzie chose 11 selections from such composers as Handel, Mozart, E. T. Paul, Schubert, Gluck, Padewski, Chopin and Beethoven.

Open Hospital

BENTLEY—The Bentley community hospital was re-opened Monday with Miss O. McIlreid as matron and the housekeeping staff comprising Mrs. Irene Anderson and Miss Florence Larsen. Dr. W. Henry is resident physician.

Returns Home

PONOKA—Another Ponoka serviceman returning recently overseas was Capt. Harold Ferguson, who enlisted in the Air Force in 1941. He trained at Saskatoon as radar mechanic, graduated at Clinton and went overseas in 1942. He is the son of Mr. and Mrs. George Ferguson, Ponoka.

District News in Brief

Ponoka's Stampede Plans Progressing

PONOKA—Excitement increased daily in Ponoka as time draws near for the 12th annual stampede which will be held July 2 and 3. Since 1937 the grounds have been gradually improved until now the arena has a seating capacity for over 5,000 persons.

The Stampede will be opened officially by Mayor R. H. Jones. The opening will be preceded by a parade and the office he held until he went on active service.

Don Sweet is president in 1945 and his executive is the following: R. Slater, E. Growlund, and J. Wright, stampede manager.

Elk Point Scouts Now Serve Country

ELK POINT—The following members of the First Elk Point Troop, Boy Scouts, have volunteered for active service since the beginning of the war: RCM-Prank Miller, Samuel Sydan, Garner Pratt, Frank Caskey, George Johnson, John White (killed in action), Jimmy Miller, Lloyd Bartling, Floyd Cromwell, George Arnold, William Hildebrand, and the following: Floyd Stanley and Allan Arnold.

Navy: Maurice Quinn, Bobby Quinn, Edward Fitzsimmons, George Vasmataz, William Wainwright, Russell Fitzsimmons, Earl Vasmataz, and Jack Dunkin.

Army: Frank Dunkin, Steve Andrichak, Fred Andrichak, Raymond Farayna, Roger Hamafor, Ronald Charles, Earl Bullis, Jr., Earnest Swanson, Dan Lambright, Sidney Heister, and Peter Andrichak.

Will Help Veterans At Vermilion Fair

VERMILION—The agricultural fair board met Friday in preparation for the opening of the fair July 26. New features this year will be a four-team baseball tournament with \$100 prize money. The department of veterans affairs will operate a tent for veterans and help them in their present financial individual problems. Horse racing will be held two days.

Gleaned From Rural News

PERINTOSH—Mr. and Mrs. Albert Weber celebrated their 22nd wedding anniversary at the home of Mr. and Mrs. Albert Magdalen, in conjunction with Miss Minnie Magdalen's birthday and the birthday of Miss Mary Cramer.

PERINTOSH—Lester Smith, RCAF, who completed his required number of sorties over Europe, arrived home this week from England. Mr. Smith flew, has arrived in Halifax, and is presently home shortly.

PERRYVALE—A large number from Perryvale center and adjacent school district, attended a sewing clinic held two days at the hall. Lunch was served each day. The proceeds of which will be applied to the purchase of materials to make garments for various war charities.

HANNA—At a meeting of the Berry Creek School Division Board in Sunnyside, a delegation from Fish Lake district was assured that an effort will be made to establish a new school district there.

HARDISTY—Sports day here was highly successful under ideal weather conditions. The Ladies Aid, operating a booth, raised \$210.

Obituary

HARDISTY—An old-timer of this district, Percy Bronsted died at his home here after suffering a heart attack. He has lived in Hardisty since 1917.

HANNA—The Youngstown district has lost another pioneer in the death of James B. Lynn in the

Summer Camp
ATHABASCA—The Air Cadet's summer camp at Pinhook July 3 will have representation from Fairview, Spirit, Old, Bigger, Dawson Creek and Curkille. Commanding officer will be Flt-Lt. H. V. Baylis of the Athabasca squadron.

A sewing clinic, sponsored by the YWCA, was conducted last week by Miss J. Thompson and Miss F. Switzer.

Prime Minister Plans Meeting With President

By C. R. BLACKBURN
SAN FRANCISCO, June 25 (CP)—Prime Minister Mackenzie King yesterday exchanged brief greetings with President Truman, with whom he hopes to confer privately Tuesday to lay the foundation for the same friendly relations which existed between Canada and the United States during the regime of his old friend, the late President Roosevelt.

Mr. King told The Canadian Press there would be little time for detailed talks with the President here but that he planned to accept an invitation to visit the White House when the President returns from the Big Three conference in Berlin.

He would not say what subjects would be discussed at that time but said there were a number of proposals in embryo which would be developed. The waterways project was always a live issue, the Prime Minister said, and would naturally be subject for discussion at any opportune stage.

The prime minister described the question of trade as a subject for continuous talks at the expert level, and in this connection he said a "most hopeful sign" the recent congressional action extending the president's power to make trade agreements and alter the existing tariff levels within the executive.

"That is a most hopeful sign not only to Canada and the United States but to the whole world," he said. "It is one thing needed to make a success of the objectives in the charter we now are completing here."

The prime minister said he was highly pleased with the charter to which he will affix his signature on behalf of Canada.

"I think an excellent document has been produced," he said, and praised the work of Canadian delegation of diplomatic officers who carried on while he and the official members of the delegation were forced to leave the conference to fight the general election.

Regret "Roughness" Parisian Police
PARIS, June 25 (AP)—The effect of police against the demonstrators during the recent parade in Paris was regretted by the municipal council yesterday after several members had criticized the rough conduct of police lining the parade route during France's celebration of the fifth anniversary of the resistance movement June 18.

Several municipal councillors said there was rough conduct by police during the parade, particularly when pedestrians attempted to break through a police cordoning the curb. In one incident, Massard reported, "an American" was roughly treated.

The Hon. Helen Potter, Detroit, a member of the United States Women's Army Corps, was injured on a scuffle in the Champs Elysees on the day of the celebration and this incident was credited with causing a series of minor clashes between American and French soldiers last week.

RCAP Perfecting Huge Flash Bombs
OTTAWA, June 25 (CP)—Research of the Ottawa Corp. are well on the way to perfecting a new type of night vision illuminator by photo flash bombs bursting with a glow of 300,000 candlepower.

As the RCAP continues wartime photographic research, an air force release said last night the experiments, to begin within a few days, will prove new types of night photographic reconnaissance equipment developed by the RCAP for use against German submarines.

Junior Red Cross Collects \$250,000
TORONTO, June 25 (CP)—Canadian Red Cross Junior has contributed approximately \$250,000 to the war effort in various countries, Jean E. Browne, national director of the Canadian Junior Red Cross announced yesterday.

THIS IS WHERE CANADA AND THE U.S. PLAN FIRST STEP IN SEAWAY PROJECT—With the revival of the St. Lawrence waterway expected in the U.S. senate in a few days, interest centres on this section of the river at Barnhart Island, above Cornwall, Ont., where the first step in the project will be construction of a huge power dam, 60 feet high. It will provide a potential of 2,000,000 horsepower of cheap electrical energy. Under joint agreement, the cost of this development will be borne equally by Ontario and New York state.

Ontario Police Refuse Request Produce Papers

TORONTO, June 25 (CP)—Capt. William J. Osborne-Dempster testified yesterday that his duties with the provincial police did not include the production of papers for the federal government.

Osborne-Dempster said he was not a member of the federal police force and that he was not a member of the federal police force.

He said he was not a member of the federal police force and that he was not a member of the federal police force.

Pre-Fabricated Homes May Ease Housing Lack

OTTAWA, June 25 (CP)—Reconstruction Minister Howe said last night representations had been made to the federal government for construction by a Vancouver firm of pre-fabricated houses for direct sale to the public to help ease Canada's critical housing shortage, but no decision had yet been made on the plan.

"Nothing has been decided as yet," the minister told The Canadian Press "but if we decide on the plan a factory might be built at Vancouver by the company."

He said he was not a member of the federal police force and that he was not a member of the federal police force.

He said he was not a member of the federal police force and that he was not a member of the federal police force.

Rejection of French Plan For Levant Inquiry

SAN FRANCISCO, June 25 (AP)—France's request for action by the United Nations to investigate the Franco-Syrian troubles has been turned down with the explanation that the United Nations are not yet ready to attack such problems.

Joseph Paul-Boncour of the French delegation presented to the State Secretary yesterday a suggestion that the executive committee of the United Nations appoint a commission of representatives of three countries to make the investigation.

Mr. Stettinius is reported to have told Mr. Paul-Boncour that the United Nations are not yet ready to take such action.
